My other work.....

'Members other work...' A chance to showcase other work that members produce such as photography, sculpture, painting or video (all subject to space) along side their prints.

The work will be selected and exhibited in groups/individuals in relation to the submission by members. This will be done according to space – members are requested to submit work with this in mind (over sized work will not be accepted).

This exhibition will continue from June to August to accommodate the rotation of work. A rotation schedule will be issued once submissions have been accepted.

Deadline for submission: Monday 2nd June 2008.

BPW New and Improved Submission System

We have introduced an improvement to the process of submission of work for exhibitions, corporate presentations and open submissions.

On the links page of the workshops website:

<http://www.belfastprintworkshop.org.uk/html/links.html> you can now submit a consignment or exhibition form online and return to the workshop via email. Just follow instructions on the website.

This will inevitably make your life a lot easier and also the management of work submit to the gallery a smoother operation.

The workshop has computers in which members may use if required. Please ask Struan or Paula for demonstration if required.

All work submitted to the workshop must be included with an online consignment form. Work will not be accepted otherwise.
